

MIKALOR DOUBLE W2 S

Image not found or type unknown

supra wide hose clamp

The clamp consists of a wide strong steel band

made of stainless steel. The screwing out is done by rotating, so the clamp can be put on the hose tail, but also it can be put on from the side without the parts of the clamp falling off.

The clamp was made according to the EU 20032/95/EC regulations.

Material:

The band is stainless steel (AISI 430), the Allen bolt is galvanized steel. The one-piece steel band edges are rounded.

Available from stock with W5 - AISI 316 material grade too!

The clamp can be entirely unfolded.

On stock at the manufacturer, short delivery time with regular shipments
