

Natural silicone hose R

without insertion

not have an insertion. It's sterilisable, UV, all of the hose are clear and smooth.

inside diameters and wall thickness, from

- different colour
- heat stabilized design, which is heat-resistant up to 250 or 300 °C
- different hardness
- wide size scale

Heat resistance: -60°C /+180 C

Structure: *-indicate the brick red colour, **-indicate the black colour

Certain diameters are available from stock. Meantime, we hold the right of selling the stock in products.
